Westacre Warm Ups and Curriculum Newsletter Letter

Dear Parents,

At Westacre Infant School, we believe learning that takes place at home is as an opportunity for children, parents and teachers to build a shared responsibility for learning.

We believe it can:

- enable children to consolidate and reinforce their skills and understanding
- build an effective partnership between home and school
- enable parents to be involved in their child's education

Today the children have been provided with their Education City passwords and the first set of Westacre Warm Up documents have been uploaded to the relevant year group tabs on the school website.

The purpose of the Westacre Warm Ups is to help the children with the learning that will take place the following week or weeks, but it can also be used to support your children in consolidating learning. The activities have been carefully planned to support the learning that is relevant for the children now. The documents will be ready for you on the website every week.

How to Log In...

STEP 1:

Visit www.educationcity.com and click login

STEP 2:

Enter your login details

We recommend that as parents you access these resources and personalise any studying that you choose to do at home. In addition to this, we are asking parents to be creative and support your children with their half-termly homework projects. You will find this information at the bottom of the Curriculum Newsletters that have been added to the year group tabs in the Curriculum section of the website.

You will need to make note of the deadline we have set. We use the projects that are created for displays around the school to showcase the children's creativity and learning. The intention of the newsletter is to inform you of the Knowledge and Skills that your children are acquiring throughout the curriculum. We believe that working with your children on such projects will give you an insight into their learning and help the children to consolidate and apply their new knowledge and skills.

Thank you for your continued support,

AEdmunds

Mr Aidan Edmunds
